

**Missouri University of Science and Technology's
Human Powered Vehicle Team
Invites You to Help
*Sponsor Our Race to The Finish Line!***

The Missouri S&T Human Powered Vehicle Team is trying to regain the title of National Champion. This accomplishment is not possible without the support of generous donors like you. Every donation made supports the purchase of building materials such as carbon fiber, steel, aluminum, and custom bike parts. With the ever-increasing cost of travel, half of the battle is getting the team to the two annual competitions.

The challenge of regaining our National Champion title against a very competitive field requires not only innovation, but proof of solid engineering. We are working to not just improve the handling and aerodynamics of our Sprint Vehicle, but will also continue to improve the new Utility Vehicle. The Utility Vehicle will focus on practical, everyday use of a recumbent vehicle. This second project raises our fundraising goals for the year, making your assistance all the more vital.

Our success is contingent upon the financial support of our many sponsors, alumni, family, and friends. Simply put, we cannot cross the finish line without you.

With this in mind, we ask you to join in our race to the finish line!

Thank you in advance for your consideration and support for the Human Powered Vehicle Team. We are excited to have you as a part of our national championship drive!

SPONSOR INFORMATION:

Yes! I would like to donate \$_____ to support the HPV Team.

Name: _____

Address: _____

City: _____ State: _____ Zip: _____

Future contact phone number / email: _____

Payment Method:

Check (payable to Missouri S&T, MEMO: Human Powered Vehicle Team)
